

The Euro Pod from Arch Leisure

Product Description

The Euro Pod is a modular pod which comes in a selection of sizes, each being built from high quality materials and encompassing the laminated wooden arches. It meets full EU standards and regulations for all materials and fittings. The Euro pod is at home when used in holiday parks, farms or in the wild as Camping accommodation. The wooden Arches are strong, robust and durable and can be produced in a variety of lengths making it possible to produce buildings of wider and higher dimensions.

The Euro pod has the option of a veranda extension and a spacious interior that can be used for all manner of purposes. This range of camping models incorporates sleeping accommodation for 2-6 people with space for basic food and drink preparation capabilities.

- ✓ High levels of insulation make it suitable for all weather use
- ✓ It's cosy because it more than shelters you in inclement weather
- ✓ It's homely because it is capable of being fitted with many more home comforts
- ✓ It is very cost effective and is really good value for money
- ✓ Stylish because it uses the traditional Arch shape that has been around for centuries!
- ✓ Requires minimal foundation preparation
- ✓ Prepared and pre wired with electrics for completion with fittings and final connections onsite.

Sleeping Accommodation

The Euro Camping pods will easily sleep 2 to 6 people. The beds can be freestanding or pre-installed; alternatively rollout sleeping bags for overnight use. Combinations of singles, double and bunk beds can be selected.

Options:

- The Euro pod can be supplied with built-in beds or furnished to meet your own design needs, or a bed/settee that easily converts from settee to bed.
- Covered veranda in 1m or 1.8m length.
- 900mm wide, single entrance door

Refreshments Area

Although we do not supply Microwaves or kettle etc.... the building is pre wired to support lights and sockets to supply heating, amenities or telephone charging etc. A simple cabinet for provisions, items of food, drinks and cups, plates etc. can easily be added.

Storage Area

Each built in bed can be specified to allow under bed storage for personal effects or other items.

The Arch Leisure Extended Range

Each building is designed and built to incorporate all essential amenities. They easily accommodate more electrics, heating appliances, lighting, mains water, bathroom and separate room sections. The building **widths** range from 2.4metres to 4.0 metres to provide easy walk-around space that can be individually designed to meet your needs. Ask about our hotel accommodation pod at super-size with built in kitchen and bathroom options.

Enquire about the **+** shape or the **H** shape for larger complexes.

Our new 4 metre super-size model can be configured to lengths exceeding 14.4m and include multiple rooms to create a stylish Glamping or hotel accommodation environments.
